
The Recurrence Of Fate Theatre And Memory In Twentieth Century Russia

last reprint book: the recurrence of fate: theatre and ... - the recurrence of fate theatre and memory in twentieth century russia by spencer jay golub for sale in philadelphia library. the recurrence of fate: theatre & memory in twentieth-century russia. front cover. spencer golub. university of iowa press, 1994 - drama - 277 pages. the recurrence of fate : theatre & memory in **ruptured sinus of valsalva aneurysm: early recurrence and ...** - ruptured sinus of valsalva aneurysm: early recurrence and fate of the aortic valve anthony azakie, md, tirone e. david, md, charles m. peniston, md, vivek rao, md, phd, and william g. williams, md division of cardiovascular surgery, the toronto general hospital, and the hospital for sick children, university of toronto, **fate therapeutics announces first subject treated with ...** - fate therapeutics announces first subject treated with fate -nk100 in apollo study for recurrent ovarian cancer san diego, dec. 08, 2017 (globe newswire) -- fate therapeutics, inc. (nasdaq:fate), a clinical-stage ... for these women, the rate of recurrence is around 70%, and there is an urgent **can anaesthetic and analgesic techniques affect cancer ...** - recurrence or metastases. surgical removal of the primary tumour is the mainstay of treatment, but this is associated with inadvertent dispersal of neoplastic cells into the blood and lymphatic systems. the fate of the dispersed cells depends on the balance of perioperative factors promoting tumour survival and growth (including surgery per se ... **fate of the remnant pancreas after resection of ...** - fate of the remnant pancreas after resection of noninvasive intraductal papillary mucinous neoplasm rebekah white, md, ... cal recurrence-free survival was measured from the date of resection to the date of radiographic local recurrence, death, or last contact (if alive without evidence of disease). **the determinant factors of recurrence following resection ...** - treatment, develop recurrence usually at the same site of resection or in the liver. failure seals the fate of the patient. local recurrence occurs frequently; however, it is rarely a direct cause of death. in fact, most patients die from distant metastases. from a clinical point of view, it is important to distinguish recurrence from relapse. **fate: feline aortic thromboembolism - wendy blount** - fate: feline aortic thromboembolism fate is a very sudden lodging of a clot in the tail end of the aorta, which partially or completely cuts off blood supply to the back legs, or less commonly other parts of the body. the aorta is the single artery that carries blood from the heart to the rest of the body. fate can be as mild as causing temporary **the influence of tumor microfoci on recurrence and ...** - these factors on the fate of the patient with metastatic osteogenic sarcoma is not known with certainty, nor is it clear why these factors influence recurrence and survival. in an effort to determine whether other as yet unidentified factors in patients with this disease might explain why the seemingly diverse previously described **the fate of ovarian cancer in an era of immunotherapy** - doomah yussriya hanaa, ying xiao yan-the fate of ovarian cancer in an era of immunotherapy european academic research - vol. vi, issue 3 / june 2018 1062 tumor-promoting soluble factors,10 extracellular vesicles,11 highly tumorigenic cancer cells,12 different types of t cells and other host cells. **nietzsche's best 8 books - weebly** - nietzsche's best 8 books an ebook to search the spirit of friedrich nietzsche edited by bill chapko contents editor notes introduction to nietzsche's life and writings the gay science ecce homo thus spoke zarathustra the dawn twilight of the idols the antichrist beyond good and evil genealogy of morals appendices a - timeline biography **20 random walks - mit opencourseware** - this is just a linear recurrence—and we know how to solve those! uh, right? remember chapter 10 or chapter 12? there is one unusual complication: in a normal recurrence, r_n is written a function of preceding terms. in this recurrence equation, however, r_n is a function of both a preceding term (r_{n-1}) and a following term (r_{n+1}). this is no big ... **anaesthesia and cancer recurrence - semantic scholar** - cancer recurrence and metastasis [3-7]. during surgery bacterial contamination is inevitable but all the patients do not land up ... breast cancer: the fate of malignant and benign mobilized cells. world j surg oncol 4: 67. 2. eschwege p, dumas f, blanchet p, le maire v, benoit g, et al. (1995) **correlation of primary tumor prostate-specific membrane ...** - correlation of primary tumor prostate-specific membrane antigen expression with disease recurrence in prostate cancer jeffrey s. ross,1,4 christine e. sheehan,1 hugh a. g. fisher,2 ronald p. kaufman, jr.,2 prabhjot kaur,1 karen gray,4 iain webb, 4 gary s. gray,4 rebecca mosher,4 and bhaskar v. s. kallakury1,3 departments of 1pathology and laboratory medicine and 2surgery, **dedifferentiation of glioma cells to glioma stem ...** - cell fate equilibrium shifts toward a more stem-like state following tumor recurrence to investigate the behavior of the gscs in recurrent diseases, pdx lines gbm6 (classical, mgmt hypermethylated) and gbm43 (proneural, mgmt unmethylated) tagged with bfp (21, 24, 25). after intracranial implantation of the pdx lines **maintenance therapy with sucralfate in duodenal ulcer ...** - fate to placebo for the prevention of duodenal ulcer recurrence and to determine that the efficacy of sucralfate was due to a true reduction in ulcer prevalence and not due to secondary effects such as analgesic activity or accelerated healing. this was a double-blind, ran- ... **zarathustra, the moment, and eternal recurrence of the ...** - 5 uifers / cohen recurrence was what nietzsche would make of the perpetuum mobile as he altered the concept to suit and support his own distinctive ontological philosophy. the contributions of the perpetuum mobile to nietzsche's ontology are derived from a number of scientists and philosophers. **april 2000 agaa311 - gastrojournal** -

risk of recurrence and fate of the rectum after total colectomy for crohn's disease (cd). pierre cattan, nicolas bonhomme, yves panis, marc lemann, bruno halimi, emile sarfati, patrice valleur, st-louis hosp, paris, france; lari boisiere univ hosp, paris, france. aims of this study were to analyze recurrence and fate of the rectum in **ipsilateral local recurrence of breast cancer: determinant ...** - local recurrence is not the cause of, but simply an indicator ... patient's clinical fate is the presence of micrometastases at the time of presentation. local recurrence is viewed as an indicator of poor prognosis and reflects a host-tumour ... **original article high expression of notch ligand jagged2 ...** - original article high expression of notch ligand jagged2 is associated with the metastasis and recurrence in urothelial carcinoma of bladder wei li 1*, min liu , yuan feng2*, yan-fei huang3, yun-fei xu1, jian-ping che1, guang-chun wang1, jun-hua **systematic review on the fate of the remnant urothelium ...** - systematic review on the fate of the remnant urothelium after radical cystectomy georgios gakisa*, peter c. blackb, ... upper tract recurrence, urethral recurrence, and urothelium. a total of 1069 studies were initially identified. the selection process was con-ducted in three stages. the first stage was performed via **inside faust's study michael huguenor university of ...** - inside faust's study michael huguenor university of california, santa cruz abstract: in my paper, "inside faust's study," i attempt to show how nietzsche's eternal recurrence is the culmination of his many disparate points of philosophical discourse. of particular importance are his notions of consciousness, embodiment, duality and necessity. **lecture 15 introduction to survival analysis** - survival analysis is used to analyze data in which the time until the event is of interest. the response is often referred to as a failure time, survival time, or event time. ... examples • time until tumor recurrence • time until cardiovascular death after some treatment intervention • time until aids for hiv patients • time until a ... **1. spencer golub professor of theatre arts and performance ...** - spanish of my book the recurrence of fate: theatre and memory in twentieth-century russia. the translation into spanish is completed, and the two venezuelan institutions have agreed upon terms for co-editing and co-funding. i have also written a "foreword" to the spanish edition. publication has been **perioperative events influence cancer recurrence risk ...** - recurrence that arises from exposure to perioperative events. ... moreover, it is increasingly evident that the fate of disseminated tumour cells may be determined by the conditions encountered during transit and the early stages of colonization. events during intravascular passage, such as interactions with activated **microscopically positive margins for primary ...** - recurrence and sarcoma-related death;4 others have found that an inadequate margin predicts recurrence risk but a local recurrence is not necessarily prognostic for risk of metastasis or survival.5 in a series of more than 2,000 pa-tients with extremity and retroperitoneal sarcomas, resec-tion margin was significantly associated with distant **immunoscore and immune contexture in cancer** - tumor progression, invasion and recurrence are dependent on the immune contexture and immunoscore pre-existing immunity is determining the fate and survival of the patient immunoscore immune contexture "tnm staging: t is for t cell and m is for memory" galon j et al. science 2006 mlecnik b et al. jco 2011 **fate of the pancreatic remnant following curative intent ...** - fate of the pancreatic remnant following curative intent surgical resection for intraductal pancreatic mucinous neoplasms: an overview of current literature alessandro paniccia, richard d schulick, barish h edil, martin d mccarter, csaba gajdos division of gi, tumor and endocrine surgery, department of surgery, university **alternative splicing of the cell fate determinant numb in ...** - alternative splicing of the cell fate determinant numb ... gical recurrence. lack of reliable early diagnostic and screening tests further exacerbates patient survival as more than 70% of hcc is in an advanced stage at diag-nosis.2 therefore, identification of prognostic molecular **the regulation of cd8+ t cell fate by transcription factor ...** - the regulation of cd8+ t cell fate by transcription factor binding and chromatin accessibility by ... memory (cells that remain after infection is cleared, ready to fight recurrence of same infection), and exhausted (cells with weakened cytotoxic function due to prolonged encounter with a particular antigen). cells in each of these states ... **iqbal and nietzsche™s concept of eternal recurrence** - nietzsche™s concept of eternal recurrence, seen by some philosophers as his most significant concept, has been questioned by iqbal as the weakest link in his philosophy. iqbal argues the case for transcendence and upholds the islamic doctrine of fate which allows enough space for freedom of spirit in contrast to **responses of mediterranean plant species to different fire ...** - recurrence in mediterranean-type ecosystems would favour a shift from pine forests and evergreen shru-blands to more grass-dominated communities. focus-sing on shrubland-pine forest formations of garraf natural park (catalonia, spain), we applied the fate model to predict variation in the abundance of domi- **maintenance therapy with sucralfate reduces rate of ...** - fate- and the placebo-treated patients. the mean 2 se in the former group was 89.0 + 1.5 percent; in the latter, it was 87.0 f 1.9 percent. only one patient had to be with- drawn from the study because of poor compliance. smoking and ulcer recurrence. fifty of the 81 patients **nietzsche and samsâra suffering and joy in the eternal ...** - nietzsche and samsâra: suffering and joy in the eternal recurrence 3 of "equality." he says that "this is so insipid, so obviously crazy," since "we are supposed to make exactly the same demands on ourselves as we make on others," although it is "felt **breast cancer treatments: barbaric and brutal - dr. mcdougall** - breast cancer treatments: barbaric and brutal my aunt margie developed breast cancer when i was in high school in the early 1960s. she was an intelligent, well-educated, and financially well-off person. we were close. fortunately, margie was "cured" after her left breast, lymph nodes, and chest **environmental fate of pesticides - cdpr** - environmental fate of

pesticides part 2 – case studies - organochlorines and organohalogens – a persistent legacy - diazinon – a frequent surface water contaminant, dormant spray use – synthetic pyrethroids – history, reevaluation and data requirements - 10 min break-- vocs, nox and ozone – chemistry, reactivity and speciation **microbial transport and fate in the subsurface environment ...** - perature, vegetation, soil, and rainfall recurrence and intensity. cumulative release of microbes from manure with total rainfall is a nonlinear process, with an initial fast stage that is followed by a slow stage. release and removal processes are demonstrated ... detailed research studies on the fate and transport of patho-gens in the ... **thus spoke zarathustra - national vanguard** - eternal recurrence to the reader, in his autobiography nietzsche said that zarathustra was by far his most inspired and most important book, and that the "basic conception of this work" was the idea of "eternal recurrence". this idea is intimately in-volved with what he calls "love of fate", "that one wants nothing to be **inoea/inpat fate-eat - esophageal atresia-roma2019** - endorsed by inoea/inpat fate-eat 2019 rome, june 24th th– 28 , 2019 preliminary program organizing secretariat collage s.p.a. via umberto giordano 55 - 90144 palermo, italy **weight loss before hernia repair surgery - michigan medicine** - mesh and hernia recurrence. patients who had hernia repair 1.3 years following weight loss surgery had much better outcomes. their bmi decreased and there were no recurrences even 20 months after the hernia repair. what is the likelihood that my hernia would reoccur? based on studies from the past 10 years in patients that had hernia repair with **original article notch-1 and ki-67 receptor as predictors ...** - dict its recurrence, thereby helping the progno-sis of patients. notch-1 is a multifunctional transmembrane receptor and has a crucial double role in human cancer cells by regulating cell-fate decision, proliferation, differentiation, and apoptosis [8]. it was first found in human t-cell neoplasia for its oncogenic role [9]. it has since been found **award number: w81xwh-15-1-0644 title: targeting cell ...** - an evolutionarily-conserved role in regulating the cell fate in both normal and neoplastic stem cell populations, which suggests that therapeutic targeting of this mechanism may be an effective strategy for eliminating cscs and thereby impeding cancer progression and recurrence. **repair of a recurrent direct inguinal hernia in a patient ...** - risk of chronic inguinodynia, and a 2-5% risk of hernia recurrence necessitating further surgery[1,4]. this case report focuses on repair of a recurrent inguinal hernia with previous mesh infection and removal. case presentation our patient is a 39-year-old gentleman who presented to the **sinus of valsalva aneurysms: stabilizing the repair ...** - recurrence and fate of the aortic valve. ann thorac surg. 2000;70:1466-71. 2. van son jam, sim ekw, starr a. morphometric features of ruptured congenital sinus of valsalva aneurysm implication for surgical treatment. j cardiovasc surg. 1995;36:433-6. 3. takach tj, reul gj, duncan jm. sinus of valsalva aneurysm or fistula: manage-ment and outcome. **jagged1 expression is associated with prostate cancer ...** - jagged1 expression is associated with prostate cancer metastasis and recurrence ... recurrence, independent of other clinical parameters. these findings sup- ... normally regulates many cell fate decisions, has been described in human t-cell leukemias and mucoepidermoid carcinoma (4) and has ... **chemokine markers predict biochemical recurrence of ...** - predicting biochemical recurrence by such criteria can be improved (7). inflammatory chemokines in the tumor microenvironment can regulate the fate of tumor progression (8, 9). we hypothesized that such tissue chemokines can be strong biomarker candidates for distinguishing patients with a high risk for biochemical recurrence or metastatic ... **afp clinical answers - aafp** - the recurrence rate is equal between the two drugs. fidaxomicin has a lower recurrence rate than vancomycin, although there is no difference ... fate, valproate (depacon), and opioids should **hopelessness among cancer patients** - and recurrence. the instruments used were the multidimensional scale of perceived support, the beck depression inventory, and the beck ... absence of belief (i.e., in god, in fate, or in the natural order of the universe) leads the patient to see life as meaningless, with no justification for a future (raleigh, 1992). **preclinical considerations for products regulated in octgt** - selection of animal species/model (2) • use of a large, non-rodent species – comparative physiology/biomechanics – ability to access the anatomic site for product administration using the ... **is it necessary to follow patients after resection of a ...** - numerous questions still remain about recurrence after partial pancreatectomy of a noninvasive ipmn. the goal of this study was to evaluate the risk of developing a new or progressive ipmn and invasive pancreatic cancer after resection of a noninvasive ipmn. because ipmns are known precursors to invasive cancer and are **pulmonary imaging after stereotactic radiotherapy does ...** - findings do not indicate recurrence: a recent study determining the fate of residual masses after sabr found that in 50 patients with masses present for more than 1 year following treatment, only 8 patients developed local recurrence.27 timing and frequency of recurrences after stereotactic ablative radiotherapy
